

Business Managers Report for May 2026

Members available for work: Plumbers-13, Fitters-16, Apprentices-68, HVAC-2

Members Traveled Out- 55

The month of April saw a total of 167 members dispatched. On April 21st, Local 142 indentured 107 apprentices for the upcoming school year. With several projects expected to be released soon, an increase in callouts is anticipated.

I will be in Austin, TX on May 4th and 5th attending the MCA/Southwest Pipe Trades meeting. We are also pleased to announce that CAD 3N Solutions, a fabrication company located in Selma TX, has become signatory with Local 142.

Manhours continue to rise steadily, currently averaging 190,000 per month, with further increases expected in the coming months. We are optimistic about the opportunities ahead for our members and remain committed to expanding our market share to support long-term growth and stability. We will also continue meeting regularly with our contractors to forecast manpower needs for upcoming projects.

Our current membership stands at 1,552, with 55 members traveling out. As more projects are released, manpower callouts are expected to increase.

The Training Department will host a UA Welding Certifications on May 9th at 7:00 AM for any interested members. Please contact the Training Department at (210) 226-2661 for more information.

Finally, congratulations to the San Antonio Spurs on advancing to the second round of the playoffs- GO Spurs Go!!

Fraternally,

Trino Baltazar
Business Manager
